

Aboriginal Health Reference Group

Start making a difference, today.

Sonder's Aboriginal Health Reference Groups operate in metropolitan Adelaide and country SA.

The Reference Groups ensure that people accessing Sonder's Aboriginal Health program are able to talk about their service needs. The findings of the reference group assist us with the planning and delivery of quality, culturally appropriate services across Sonder.

Members of the Reference Group have a direct impact on improving health outcomes for the local Aboriginal and Torres Strait Islander community.

We want to hear from you if you:

- Identify as Aboriginal or Torres Strait Islander;
- Work as a professional in Aboriginal Health or;
- Are a community member who uses Aboriginal health services.

Aboriginal Health Reference group members are remunerated with a sitting fee.
