- Access to the electronic medical records database;
- Supervision
- Support for Telehealth

Thank you for your interest in applying for the position of Psychologist/Allied Health Private Practitioner.

Sonder is establishing a not-for-profit, social enterprise in the north eastern suburbs of Adelaide, co-located at Klemzig Village Medical Centre.

This is Sonder's second social enterprise project, building on SonderIT which has been delivering IT services to a range of clients in different areas of SA for a number of years.

Launching early 2021, the social enterprise will deliver both mental health and allied health services through Better Access and NDIS.

The service will have a strong focus on social justice and teaching.

This new service offers people the choice to support a socially-minded brand. In helping themselves, they are helping others as funds generated from the new service will support Sonder to operationalise its values through Sonder funded programs, projects and roles.

We are seeking APHRA registered Psychologists or Occupational Therapists and Accredited Mental Health Social Workers. As a values driven agency candidates will have a strong values base that aligns with Sonder's values of Respect, Honest, Equity, Fairness and Trust.

Individuals should have a demonstrated ability to provide a range of psychological assessment and/or intervention services to children and/or adults. Previous experience in working in a mental health setting and/or with people with disability is required. Prior experience working within a fee for service environment is an advantage.

How to apply

We welcome initially an Expression of Interest with an attached CV as application for this role, so please contact our Sonder Executive Manager, Mental Health & AOD, Chris Chalubek to discuss further cchalubek@sonder.net.au or [0429 589 490](tel:0429589490)

Full position descriptions are available at sonder.net.au/careers

About us

At Sonder, our diverse team is committed to improving the patient journey through integrated and coordinated care to ensure our clients are able to access multiple service types to address their requirements and receive high quality, culturally appropriate care in a timely manner.

Sonder is proud to have been selected by the Adelaide Primary Health Network as the preferred provider to deliver mental health services in the northern and central western suburbs. This is in addition to mental health services delivered in Gawler-Barossa and funded by the Country SA Primary Health Network.

As a result, Sonder is one of the leading and largest providers of high quality, mental health services available to the community.

Over the past 25 years, we have earned a solid reputation for the provision of high quality, evidence-based clinical psychological therapy services that are relevant to the complex needs of the local community. We deliver clinical services across the age range and complexity of mental health concerns.

Therapeutic counselling is delivered by highly skilled and experienced Mental Health Clinicians, including Psychologists, Mental Health Social Workers and Mental Health Nurses who are trained to provide short term focused psychological strategies in the treatment of mild to moderate mental health

concerns, such as anxiety, depression as well as more severe and complex mental health issues.

Additionally, Sonder delivers a range of integrated community health services, including health projects and the Aboriginal health program, Closing the Gap.

Sonder is fully accredited under ISO Standard AS/NZS ISO 9001:2015 and the National Standards for Mental Health Services. Our accreditation status is oversighted and maintained by our internal Quality, Risk and Safety (QRS) Committee, which aims to build, maintain and support a culture of continuous quality improvement with a proactive approach to risk management and work health and safety.
