employment support

For young people aged 15-25

Do you need help finding work or starting your study journey?

headspace Employment Support can help.

headspace Employment Support is an entirely voluntary service and is not connected to Centrelink Job Service Providers.

Our Employment Specialists will provide one-on-one support to help you find work or study opportunities. They will work with you along the entire journey both before and after you gain employment.

What kind of work or study you do and how much support you receive is entirely up to you!

Throughout this process our Employment Specialists can help you in a number of ways, including:

- Completing a vocational assessment to identify the jobs or study pathways you would like to do;
- Helping with writing resumes and cover letters;
- Assisting with preparation for interviews and starting work;
- Speaking to employers to identify job opportunities;
- Assisting with management of the requirements of Centrelink and Job Service Providers;
- Once employed, we can speak to your employer to troubleshoot any challenges that arise;
- Working with your mental health clinician to ensure you receive the best and most coordinated support;
- We can also continue to support you until you feel comfortable in your role and your goals are met.

Who is eligible for headspace Employment Support?

Anyone who is a client at headspace Edinburgh North, headspace Onkaparinga, or Sonder's emerge program and is aged 15 - 25 years old.

Can I still receive support if I'm already linked with a job provider?

Yes. We are separate from Job Active and Disability Employment Service (DES) providers so you can choose to work with both headspace and other job services.

We understand that you may have to meet certain requirements from Centrelink and your job service provider to maintain some Centrelink income support payments.

Our Employment Specialists can help you meet these requirements and can communicate with your Job Service Provider to make this process as simple as possible.

Costs and confidentiality

The services we provide are always free.

At headspace Onkaparinga, we are here to support you and will keep your information private and confidential.

Making a referral

All you need to do is speak to your mental health clinician or youth worker and let them know you want help looking for work. They will then make a referral on your behalf and an Employment Specialist will contact you to arrange a first appointment.
