Sonder acknowledges Aboriginal and Torres Strait Islander peoples as the First Peoples of Australia.

We pay respect to them, their cultural and spiritual heritage, and to Elders past, present, and emerging.

We acknowledge the ongoing impact of intergenerational trauma that has occurred since colonisation and commit to truth telling as we walk alongside them towards reconciliation.

Sonder welcomes people from all cultures, faiths, backgrounds, experiences, and celebrates all identities, genders, sexes, orientations and abilities.

We embrace diverse voices in our decision making to ensure we deliver inclusive services.

Our recovery-focused approach

We support people living with mental health concerns to improve their wellbeing and pursue a life with meaning, hope and purpose.

We do this through:

- Respecting your values, treatment and support preferences.
- Focusing on and amplifying your strengths.
- Supporting you to develop and reach personal goals and ambitions.
- Helping you to develop self-management skills.

Please note: due to program restrictions, clinicians are unable to provide medico-legal reports or assessments.

Our Clinical Care and Coordination program provides clinical services and care planning to people experiencing the impact of severe mental illness.

The program aims to improve mental and physical health and wellbeing, by looking at your specific needs and then developing a plan of care to assist you to work on the areas of your life that are most important to you.

Clinical Care Planners are able to support you with:

- Setting personal goals.
- Accessing the services you need and coordinating your care to achieve your goals.
- Providing psychological therapy and suicide prevention support.
- Developing self management skills.

What do we offer?

Clinical care

We will work with you to improve your mental and physical health and wellbeing.

Service coordination

We'll work with you to create a care plan to determine which services will help you most.

Goal-setting

Together, we'll set goals that are focused on the changes most important to you.

No cost

Mental health services are free at Sonder.

What does a Clinical Care Planner do?

Your Clinical Care Planner will work with you to:

- Develop a coordinated care plan, based on your goals and needs.
- Ensure your family, carers and other physical and mental health practitioners are involved in the planning of services.
- Establish referral pathways that allow you to easily move between services as your needs change.

Am I eligible?

To be eligible for this program, you must:

- Be aged 18 years or over;
- Be diagnosed with a severe & complex mental illness and;
- Have a Mental Health Treatment Plan.

How do I access this service?

To get started with the program, you'll need to visit your GP and request a Mental Health Treatment Plan.

Find out how to access a Mental Health Treatment Plan on our website sonder.net.au

If you do not have a Mental Health Treatment Plan, you can still refer yourself by contacting Sonder and we will work with you to get one.

Where can I access this service?

This service is delivered at locations across regional SA including; Nuriootpa, Gawler, Kapunda, Eudunda, Strathalbyn, Goolwa, Port Pirie, Clare and Kadina. Other consulting locations are available and can be discussed with you.

What should I expect at my first appointment?

- Attending your first appointment can cause some anxiety so your Care Planner will try to help you feel comfortable and answer any questions that you have.
- At your first appointment you will be asked some questions about your history and the impact of your symptoms on your day-to-day life.
- Answering these questions will help your Care Planner to understand your situation, set some goals with you and plan your treatment.
- We'll also discuss confidentiality and how Sonder manages your personal information.
- We'll let you know what to do if you need to cancel appointments and what to do if you're unhappy with the service you're receiving.
- Before you leave, we'll arrange your next appointment and explain anything that you need to do before we see you next time.
